*"Longer Lasting,  
Better  
Performing!"*

Screw-type  
mop head  
(white cotton)

- **Ultra-Pure™ Yarns...** 100% select cotton yarn for superior application performance
- **Superior Durability...** Unlike polyester mops, will not degrade prematurely
- **Best Value...** Unlike overpriced glass mops, white yarn provides superior value with great performance, while blue yarn offers a cost-effective option for asphalt applications
- **Complete Product Line...** Includes a wide variety of mop heads, adaptors, and handles
- **Reliable Packaging...** Boxed for easy warehouse handling and to stay dry at the jobsite

Mop hank  
(blue cotton)

Making Construction Systems Perform Better Since 1958"**

## No-Smell™ Asphalt

Virtually eliminates objectionable asphalt odors during the installation—so complaints from occupants and the neighbors disappear.

## Fiberboard

Your best choice for reliable performance in asphaltic or single ply roofing systems. It's even environmentally-friendly!

## Underlayments

Top quality synthetic and asphaltic underlayments at prices you can afford—and with quality that you can rely on every day.

## Fasteners

Superior value has made us one of the largest and fastest-growing fastener suppliers in North America—for more than half a century!

## Application Tools

Ultra-high purity, 100% cotton mops deliver long-lasting performance and the perfect balance between cost and service life.
